## **VISITING ROTARIANS**

**Yousef Sh. Batshon** in the classification of construction management visited our club today and exchanged banners with President Ron. Youself is Past President of the [Rotary Club of Amman – Petra](#), in Amman, Jordan. (They are on Twitter also – click [here](#).) He attended our district conference last weekend and was invited by Adrienne Cox to attend our club since he was going to be in Las Vegas today. He is also active in his Rotary District, [2452](#), which includes 9 countries on 3 continents with many different languages and religions. See his business card included with the pictures. His niece was part of the GSA team from Jordan that visited our district a few years ago.

**Daniel Amaro**, is visiting from the [Rotary Club of San Diego](#), and is the co-founder and managing partner of [Klarinet Solutions](#) which is in the business of “electronic document management”. He said that, “...of the 33,000 clubs worldwide, San Diego Rotary is the 4th largest with over 500 local members and was chartered in

## SERVICE ABOVE SELF

### The Object of Rotary

THE OBJECT of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

**FIRST** The development of acquaintance as an opportunity for service;

**SECOND** High ethical standards in business and professions, the recognition of the worthiness of all useful occupations, and the dignifying of each Rotarian's occupation as an opportunity to serve society;

**THIRD** The application of the ideal of service in each Rotarian's personal, business, and community life;

**FOURTH** The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service

### The Four-Way Test

OF THE THINGS we think, say, or do:

- 1) Is it the **TRUTH**?
- 2) Is it **FAIR** to all concerned?
- 3) Will it build **GOODWILL** and **BETTER FRIENDSHIPS**?
- 4) Will it be **BENEFICIAL** to all concerned?

### Rotarian Code of Conduct

The following code of conduct has been adopted for the use of Rotarians:

AS A ROTARIAN, I will

- 1) Act with integrity and high ethical standards in my personal and professional life
- 2) Deal fairly with others and treat them and their occupations with respect
- 3) Use my professional skills through Rotary to: mentor young people, help those with special needs, and improve people's quality of life in my community and in the world
- 4) Avoid behavior that reflects adversely on Rotary or other Rotarians

1911. He said they have lots of things going on and that the work is channeled through [60 committees](#).

**Ray Kang**, visiting from the [Rotary Club of Austin, Texas](#), in the classification of [commercial real estate](#), is in town for the International Convention of Shopping Centers. His club is the oldest and largest Rotary Club in the City of Austin. Founded in 1913, his club has approximately 200 businesses, civic and community leaders among its members. He says that today is his first "make up". He previously lived in South Korea where he was a record producer (unfortunately not not the "[BTS K-Pop group](#)") currently hot in the industry. He says his parents retired to Austin, Tx., so he moved there to be close to family.

## GUESTS

**Sebastian Swanson** is visiting again with intentions of joining Rotary. Sebastian recently graduated from UNLV and works at [Westpac Wealth Partners](#).

**Jeanne Radde**, from the Satellite Club, visited us again today. Always good to see Jeanne.

**Adrienne Cox's** guest today was Elaine Barlin, a previous visitor and attendee at our events (and potential Rotarian!!!)

## ANNOUNCEMENTS

1. **Richard Bowler** wasn't in attendance but he would surely want Obadiah to mention in the newsletter about the upcoming Desert Chorale Memorial Day concert on Monday, May 21<sup>st</sup> at 7:30 p.m. at Ham Hall on UNLV. Here is the announcement he distributed (which I'm sure he will be happy to pay a fine for, even though he was assessed a \$50 advertising fee last week.):

3. **Karl** also announced that the next Greenspokes meeting is scheduled for 6/28.
4. **Pres. Ron** updated the club about Elaine Vinson’s condition and asked everyone to keep her in your thoughts and prayers as she is still dealing with some health issues.

### **ROTARY REGALIA**

Not mentioned (but then everything was a little discombobulated because we were meeting in a different room.)

### **JOKE OF THE DAY**

None

### **RECOGNITIONS**

In the interest of time (and because the President didn’t think anyone wanted to be recognized – meaning fined) nothing happened here.

### **GIFTS FOR THE PRESIDENT**

**FULL CALENDAR FROM DACdb FOR 2018-2019 IS ATTACHED.**

Please note that the calendar includes the full 2018-2019 year with dark days and evening social activities as contemplated by the proposed changes discussed previously.

---

**TODAY'S PROGRAM** – Our speakers today were **Pres. Ron**, who talked about the state of the collection industry in Nevada and the difficulty in collecting judgments. He said that the homestead exemption is now \$55k and includes all the proceeds from sale of a home on which you filed your homestead exemption. Retirement and IRA's are also exempt from collection. Checking accounts up

to \$10 are also exempt from collection. Annuities are exempt, as is cash value life insurance. Now about all you can do is try to levy against a person's paycheck, if they are employed. The levy against paychecks used to be 25%, but has been reduced to 18%. He also said that the [Legal Aid Center](#) was growing exponentially through grants and taxpayer support and is increasing its incursion into the legal world using a socialized legal aid method. He said that each recorded document includes a \$6 surcharge that goes to LAC for its socialized legal programs. He said his office used to file about 400 collection lawsuits per month...but no longer

Also speaking was **Jack Woodcock**, who spoke about the non-availability of real estate in the Las Vegas valley. He said that there is only about 70,000 developable acres in the valley and it is being used up at the rate of 5k to 6k per year. He described his recent trip to Washington, D.C., and his meetings with Senator Heller, and other influential policy makers of that ilk. He lamented the fact that many of the politicians seem to be living in a "beltway bubble", with little concern for what is happening in the real world.
