Paul Gustilo

Keith Thomas (the newsletter is posted each week on our [website](#) and on our [Facebook page.](#))

Chris announced that **Pres. Joe** had asked him to conduct today since **Pres. Joe** and **Taryn** would be in Hollywood over the weekend and wouldn't be able to make it to the meeting today. **Chris** said that he received an email this morning from **Pres. Joe** who said that he and **Taryn** successfully completed their races in Hollywood over the weekend; **Pres. Joe** completing a half-marathon and **Taryn** completing a full marathon! (And all this time we thought they were going to Hollywood for their movie debuts.)

VISITING ROTARIANS

Anne Green is a former member of the [Rotary Club of Santa Maria](#), California and has been involved with an online Rotary Club in Arizona. A former "southern girl" (she still has the drawl), she is now retired and living in Las Vegas and is looking to again become involved in Rotary. **Chris** asked about one of her favorite memories of her childhood. She said she went to Albany High School in Albany, Georgia, and that she didn't do much extracurricular stuff since she had to work all the time. She then proceeded to tell us a story about one of her many jobs growing up which was to work on a fish bait

SERVICE ABOVE SELF

THE OBJECT OF ROTARY

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

First The development of acquaintance as an opportunity for service;

Second High ethical standards in business and professions, the recognition of the worthiness of all useful occupations, and the dignifying of each Rotarian's occupation as an opportunity to serve society;

Third The application of the ideal of service in each Rotarian's personal, business, and community life;

Fourth The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

THE FOUR-WAY TEST

Of the things we think, say, or do:

1. Is it the **truth**?
2. Is it **fair** to all concerned?
3. Will it build **goodwill** and **better friendships**?
4. Will it be **beneficial** to all concerned?

ROTARIAN CODE OF CONDUCT

The following code of conduct has been adopted for the use of Rotarians:

As a Rotarian, I will

1. Act with integrity and high ethical standards in my personal and professional life
2. Deal fairly with others and treat them and their occupations with respect
3. Use my professional skills through Rotary to: mentor young people, help those with special needs, and improve people's quality of life in my community and in the world
4. Avoid behavior that reflects adversely on Rotary or other Rotarians
5. Help maintain a harassment-free environment in Rotary meetings, events, and activities, report any suspected harassment, and help ensure non-retaliation to those individuals that report harassment.

farm. Every day she would collect 100 worms and deliver them to the shop where they would be put into Dixie cups and sold to people going fishing. **Chris** asked if that meant that she was known as the “night crawler queen”? To which she said, “well, yes, but I didn’t know if you knew what a night crawler was?) Welcome, Anne!!

Bruce Frazey is a member of the Las Vegas Rotary Club and is a retired CPA. He is in the process of transferring his membership to our club. He has been involved in Rotary since 1985 when he joined the [Rotary Club of Wichita, Kansas](#). Asked about his favorite memory, he said that he played varsity football at his high school. He said that even though he is an “itty bitty” guy, he still played the outside linebacker position (helped no doubt by the 6’2”, 250 lb. tight end that played just in front of him. He said that he would “soften up” any runners and the tight end would finish them off.) He said they were watching a game film one time and when an “itty bitty” guy came running into the frame, he asked who it was and then realized it was none other than himself. Fun fact about **Bruce** is that he is running for the 4th District Congressional seat. Check out his website [here](#). Welcome, **Bruce**!

GUESTS

Miriam Ceballos joined us a guest of our speaker. She works as a fund developer for the Springs Preserve and has worked there since 2017. She is a proud graduate of UNLV.

ANNOUNCEMENTS

Paul Gustilo said that the “Happy Feet” project on the calendar for April 10, 2024 has been postponed and that he will let the club know when the next event is schedules.

Jordana Lane said that RYLA was held last weekend and that she participated as a facilitator. She said they left early Friday morning and had a great weekend at Camp Cedar Crest in Running Springs, CA, near Big Bear. She said that it snowed all day Saturday and into the evening but they didn’t miss a beat with their planned activities. Our club had 4 attendees and she will get the names for us next week.

Bruce Pope’s grandson was one of the participants this year. **Jordana** said that this was the first RYLA in four years and they were a bit rusty with the planning but that the kids had a great time and were an

exemplary group of young people. She also said that, notwithstanding the snow, **PDG Tom Novotny** wore shorts the entire weekend.

Bruce MacKenzie reminded everyone that **Gold Raffle** is in three days on Thursday, March 28, 2024. We are again utilizing the “GiveSmart” online platform for silent auction bids. It is live and he has already sent out the link (see copy below) to the online platform. He said that last year **Troy Lochhead** “won” two trips, one to Italy and one to Nashville, and hasn’t been able to use them so she is donating them back to the club.

Bruce said that “Kula Hula” (Kula means gold in Hawaiian) is the theme. It will be held at the “Distill” venue at 6945 S. Rainbow Blvd., Las Vegas, NV 89118. **Bruce MacKenzie’s** daughter, **Katie**, will be helping **Melissa and Marshall** to check people in and manage the ticket process. There will also be hula dancers welcoming the guests with leis and the dancers later on will be presenting a hula dance presentation. As you enter there will be pictures taken of each couple/person with hula dancers. **Aloha attire is recommended.**

Seth Grabel, a friend of **Scott Baranoff’s** and a talented professional magician, will be presenting some table top/sleight of hand magic tricks during the reception.

Bruce also promised a special dance by **Pres. Joe. Vern Ratzlaff** will again be our auctioneer. See the flyer attached for details about the Kula Hula. Everybody received their 2 tickets and an additional 4 tickets that they hopefully can sell.

He also mentioned that he only has about half the amount of wine bottles for the secret wine bags. If you have not brought wine yet, please bring one or two bottles to the Thursday event and he will get them bagged. He has the bags.

RECOGNITIONS

Greg Mottau recognized and thanked **Bruce MacKenzie** for all the hard work he has done in organizing and preparing for the Gold Raffle.

Chris spent a few minutes recounting the beginnings of Rotary. Rotary started with the vision of one man — Paul Harris. The Chicago attorney formed the Rotary Club of Chicago on 23 February 1905, so professionals with diverse backgrounds could exchange ideas and form meaningful, lifelong friendships. Over time, Rotary’s reach and vision gradually extended to humanitarian service. That commitment endures today through an organization that remains truly international. Only 16 years after being founded, Rotary had clubs on six continents. Our members now span the globe, working to solve some of our world’s most challenging problems. We began our fight against polio in 1979 with a project to immunize 6 million children in the Philippines. Today, polio remains endemic in only two countries — down from 125 in 1988. Check out more about the history of Rotary [here](#).

GIFTS FOR THE PRESIDENT (Pres. Joe suggests anything “coffee” related)

None today (no President!)

JOKES OF THE DAY

Tom Martin told about the two cows standing next to each other in a field. Daisy says to Dolly, "I was artificially inseminated this morning." "I don't believe you," says Dolly. "It's true, no bull!" exclaims Daisy.

Scott Baranoff told about a lawyer and a redneck sitting next to each other on a long flight. The lawyer is thinking that rednecks are so dumb that he could easily put one over on him easy. So, the lawyer asks if the redneck would like to play a fun game. The redneck is tired and just wants to take a nap, so he politely declines and tries to catch a few winks. The lawyer persists, "This game is a lot of fun. I ask you a question, and if you don't know the answer, you pay me only \$5. You ask me one and if I don't know the answer, I pay you \$500. This catches the redneck's attention and to keep the lawyer quiet, agrees to play the game. The lawyer asks the first question. "What's the distance from the earth to the moon?" The redneck doesn't say a word, reaches in his pocket pulls out a five-dollar bill, and hands it to the lawyer. Now, it's the redneck's turn. He asks the lawyer, "What goes up a hill with three legs, and comes down with four?" After an hour of thinking, he finally gives up. He wakes up the redneck and hands him \$500. The redneck pockets the \$500 and goes right back to sleep. The lawyer is going nuts not knowing the answer. He wakes up the redneck and asks, "Well, what does go up a hill with three legs and come down with four?" The redneck reaches in his pocket, hands the lawyer \$5 and goes back to sleep.

WATER UPDATE

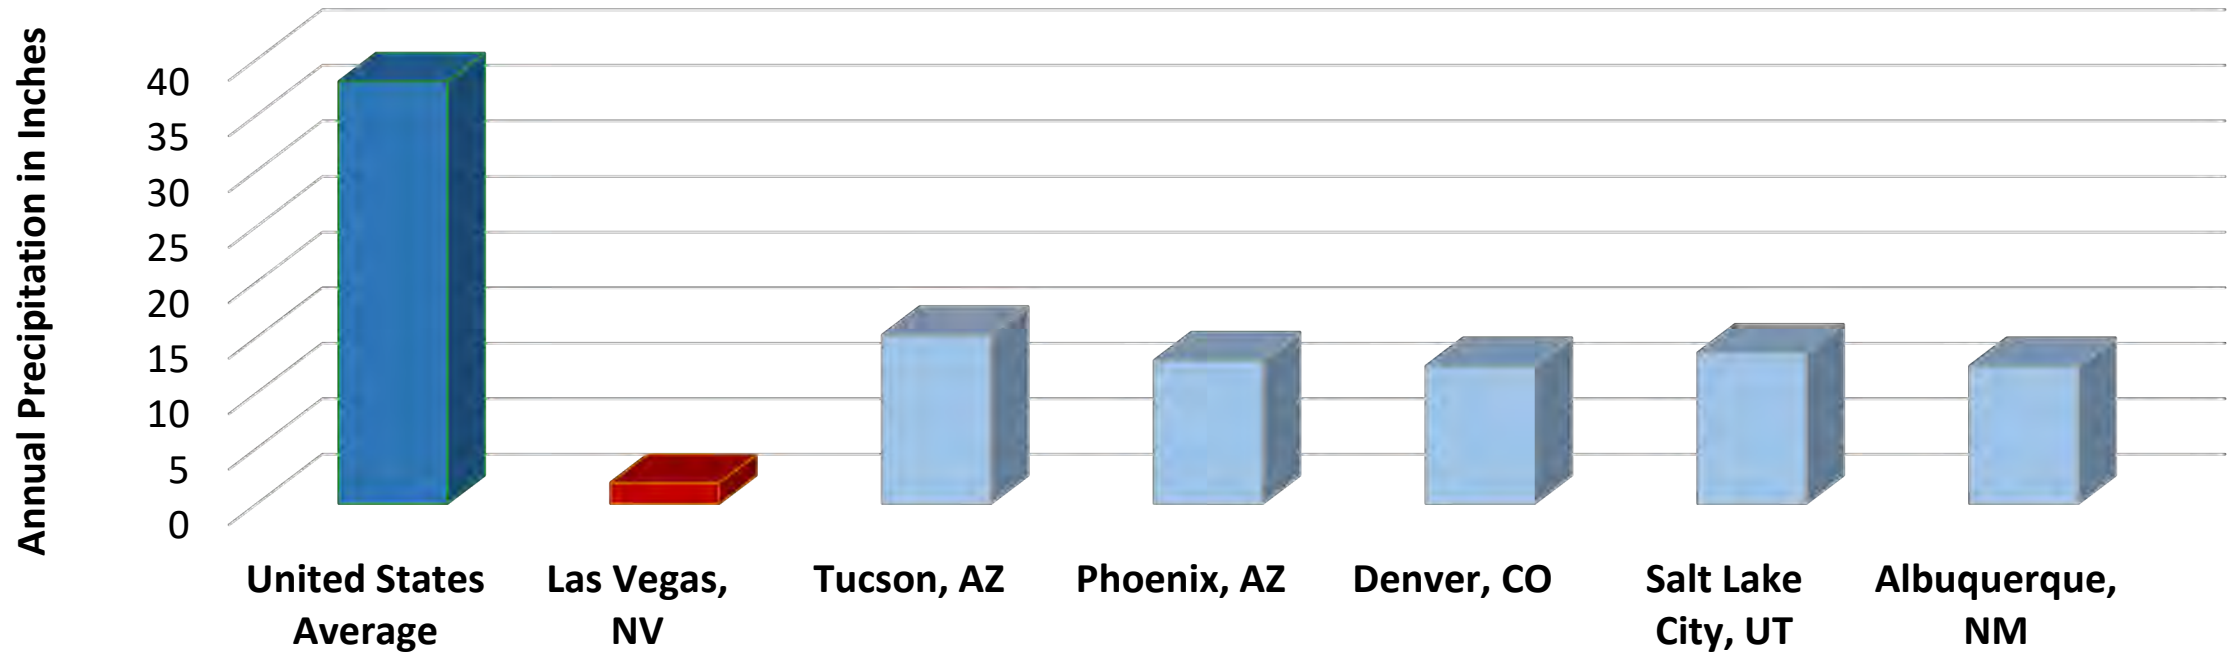

Rich Easter

Public Affairs Supervisor

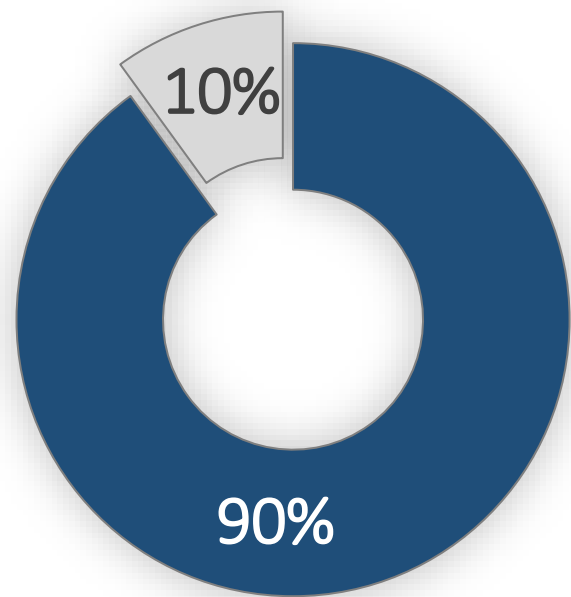

SOUTHERN NEVADA WATER AUTHORITY®

Las Vegas is the driest metropolitan area in the United States.

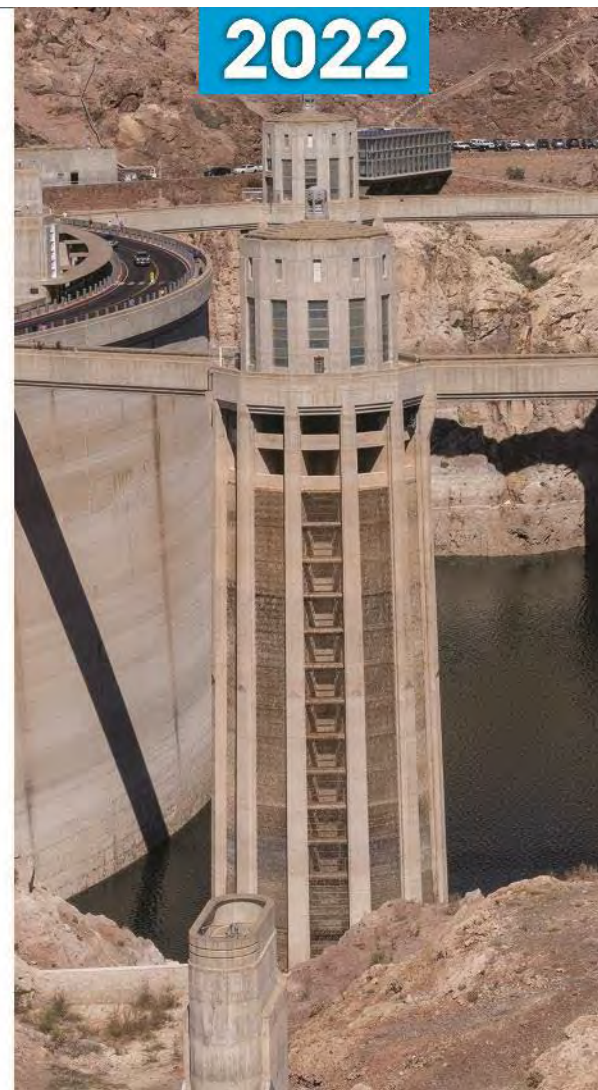

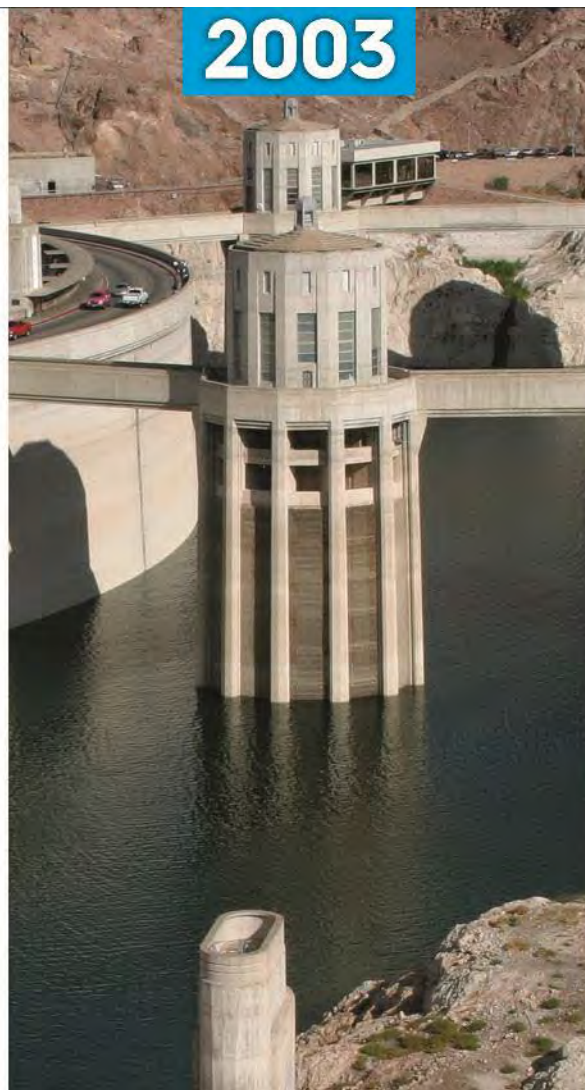

Las Vegas is nearly fully dependent on Colorado River resources.

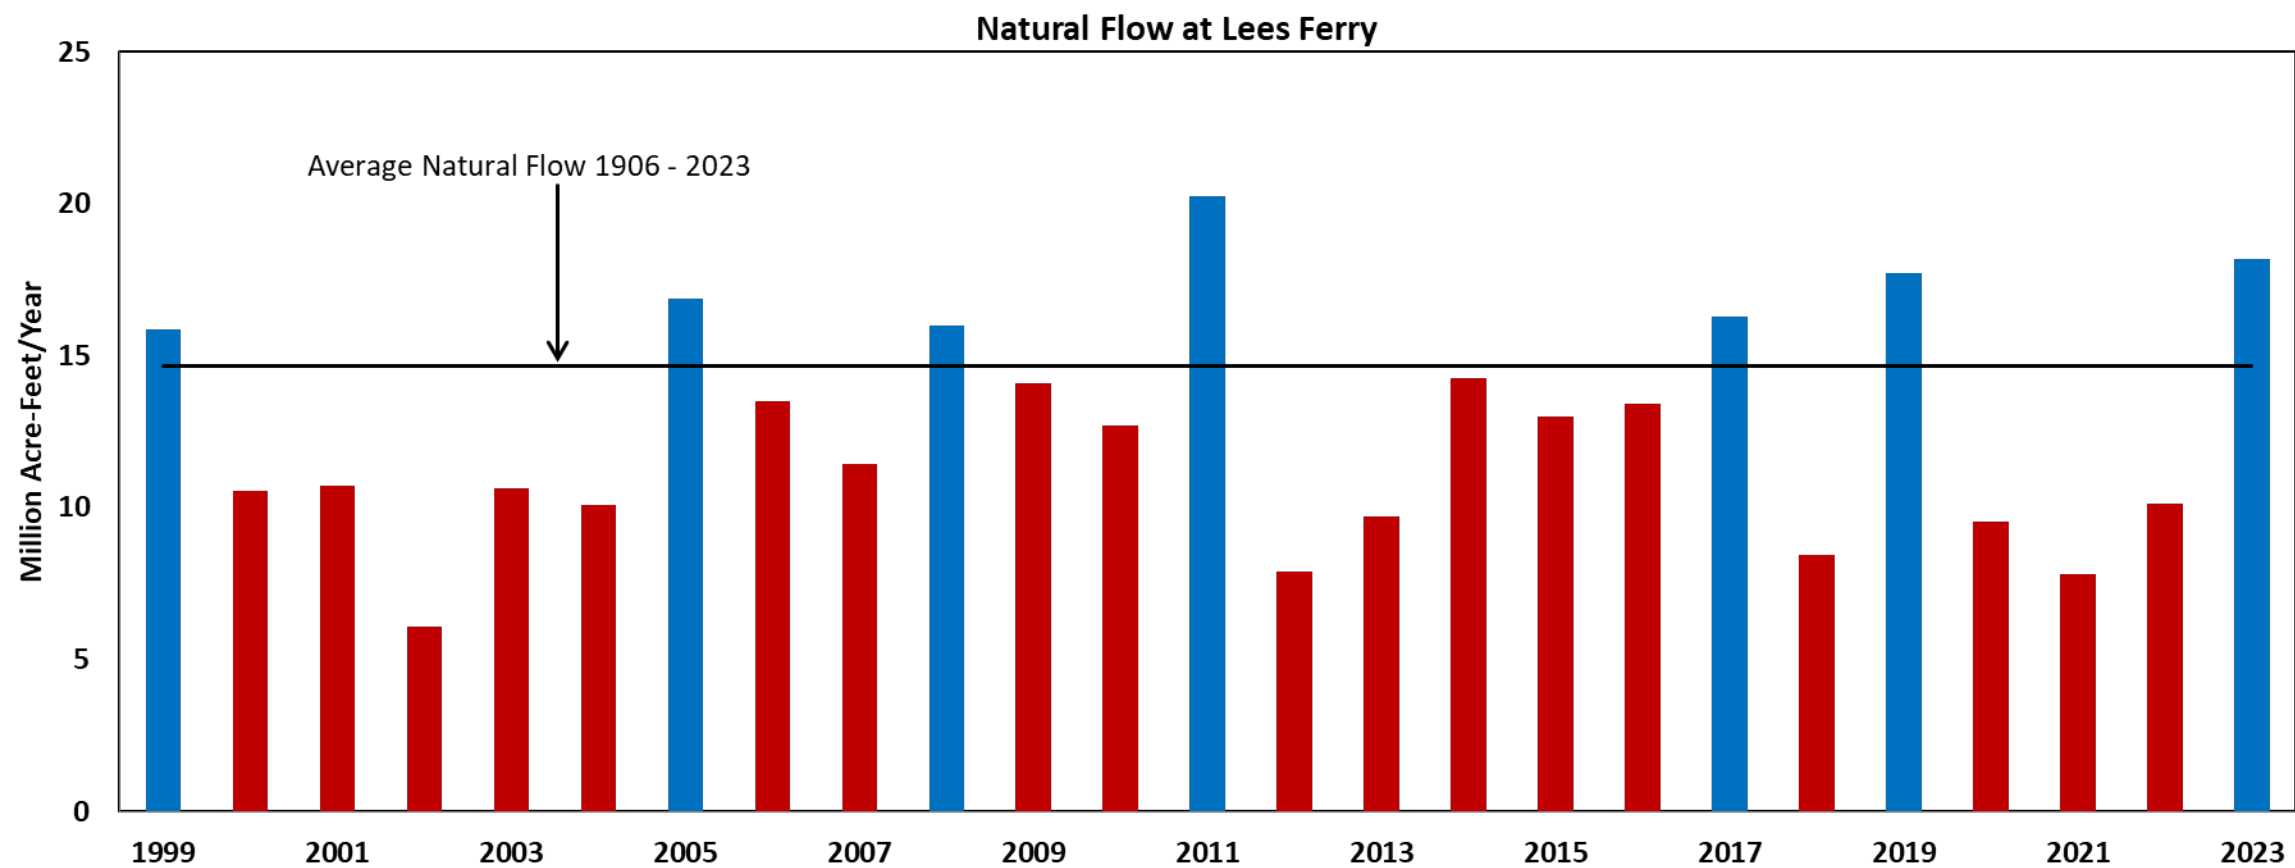

■ Colorado River ■ Groundwater

Severe and sustained drought conditions continue to impact critical storage reserves in the Colorado River Basin.

Colorado River Conditions

Nevada's allocation of Colorado River resources are controlled by the Bureau of Reclamation.

2023 2024	Lake Mead Elevation	Shortage Reduction	Available
	1,090+ feet	0	300,000 AFY
	1,075 – 1,090 feet	-8,000 AF	292,000 AFY
	1,050 – 1,075 feet	-21,000 AF	279,000 AFY
	1,045 – 1,050 feet	-25,000 AF	275,000 AFY
	1,025 – 1,045 feet	-27,000 AF	273,000 AFY
	< 1,025 feet	-30,000 AF	270,000 AFY

Southern Nevada has spent decades becoming more drought resilient.

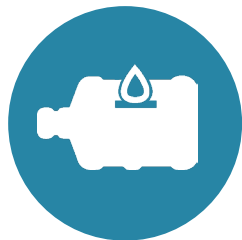

INFRASTRUCTURE

Constructing major facilities and asset management

RESOURCE PLANNING

Working with partners & developing comprehensive plans to manage supplies

WATER BANKING

Storing water supplies for the future

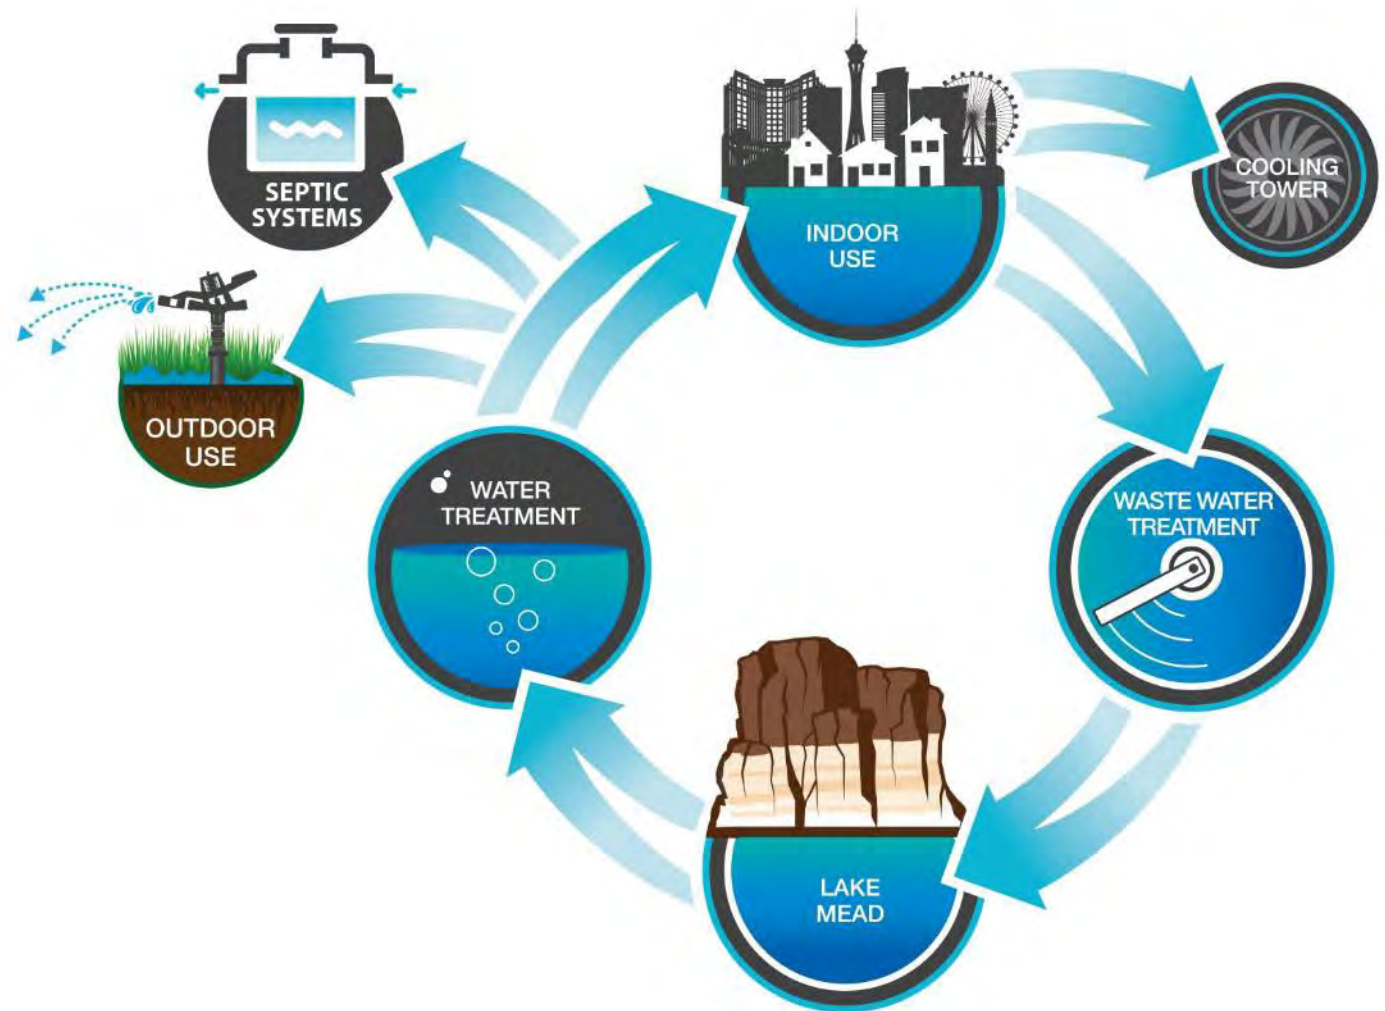

CONSERVATION

Incentives, programs, regulation & pricing

Indoor water recycling extends our community's water resources.

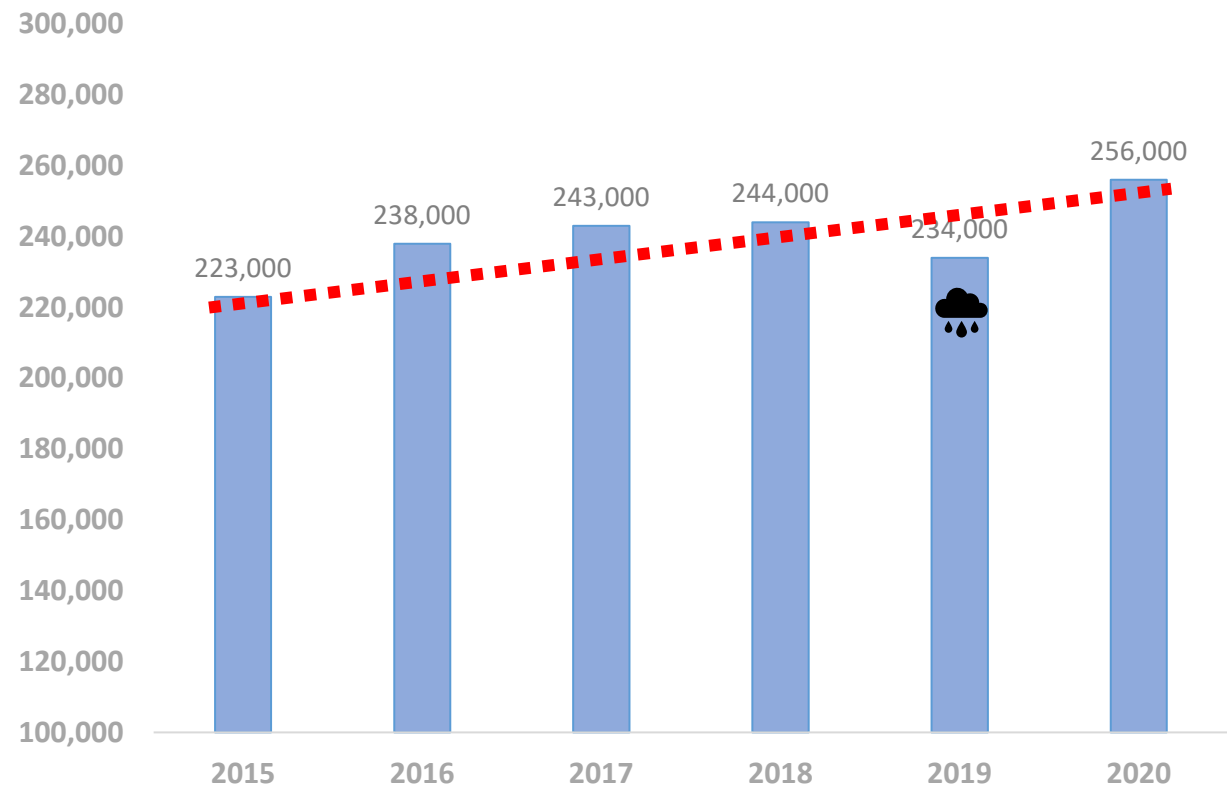

Southern Nevada **recycles 99% of water used indoors**, thereby extending the availability of its resources.

Southern Nevada recognized that more adaptation strategies were needed.

Following a period of increasing water use, the SNWA Board established a new water conservation goal in 2021 (86 GPCD).

2015 – 2020 Colorado River Consumptive Use

Managing the Future

In 2023, the U.S. Department of the Interior published a Draft Environmental Impact Statement that, if implemented, would restrict Nevada to less than one-half its existing Colorado River allocation.

<950	2,114	160	1,726	4,000

Conservation remains one of Southern Nevada's top resource options.

NONFUNCTIONAL GRASS: AB356 prohibits nonfunctional grass by 2027

NEW GRASS: New grass installations are limited to parks, schools and cemeteries

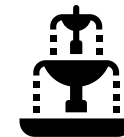

SEPTIC: Municipal water supplies cannot be discharged in septic tanks

GOLF COURSES: Golf course water budgets were reduced by one-third. No new golf courses.

EVAPORATIVE COOLING: New buildings are prohibited from using evaporative cooling

FOUNTAINS: New ornamental water features are prohibited, including resorts

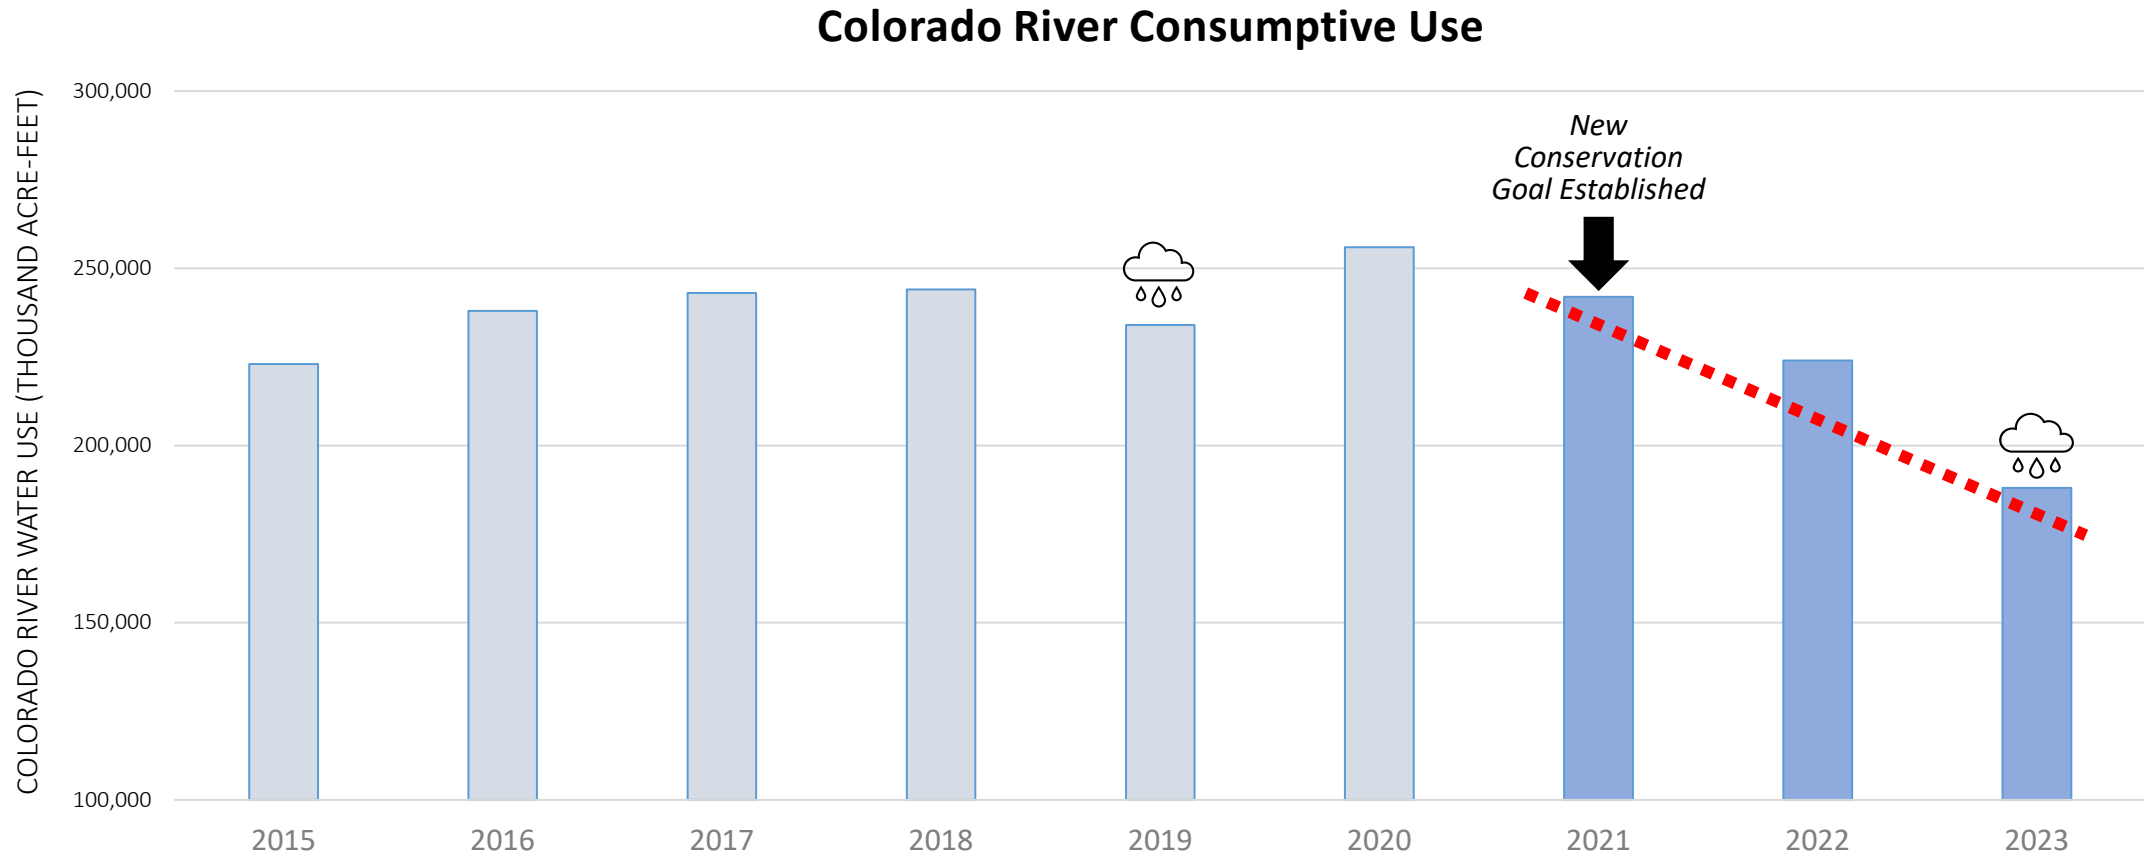

SWIMMING POOLS: New pools are limited to 600 sq. ft. surface area

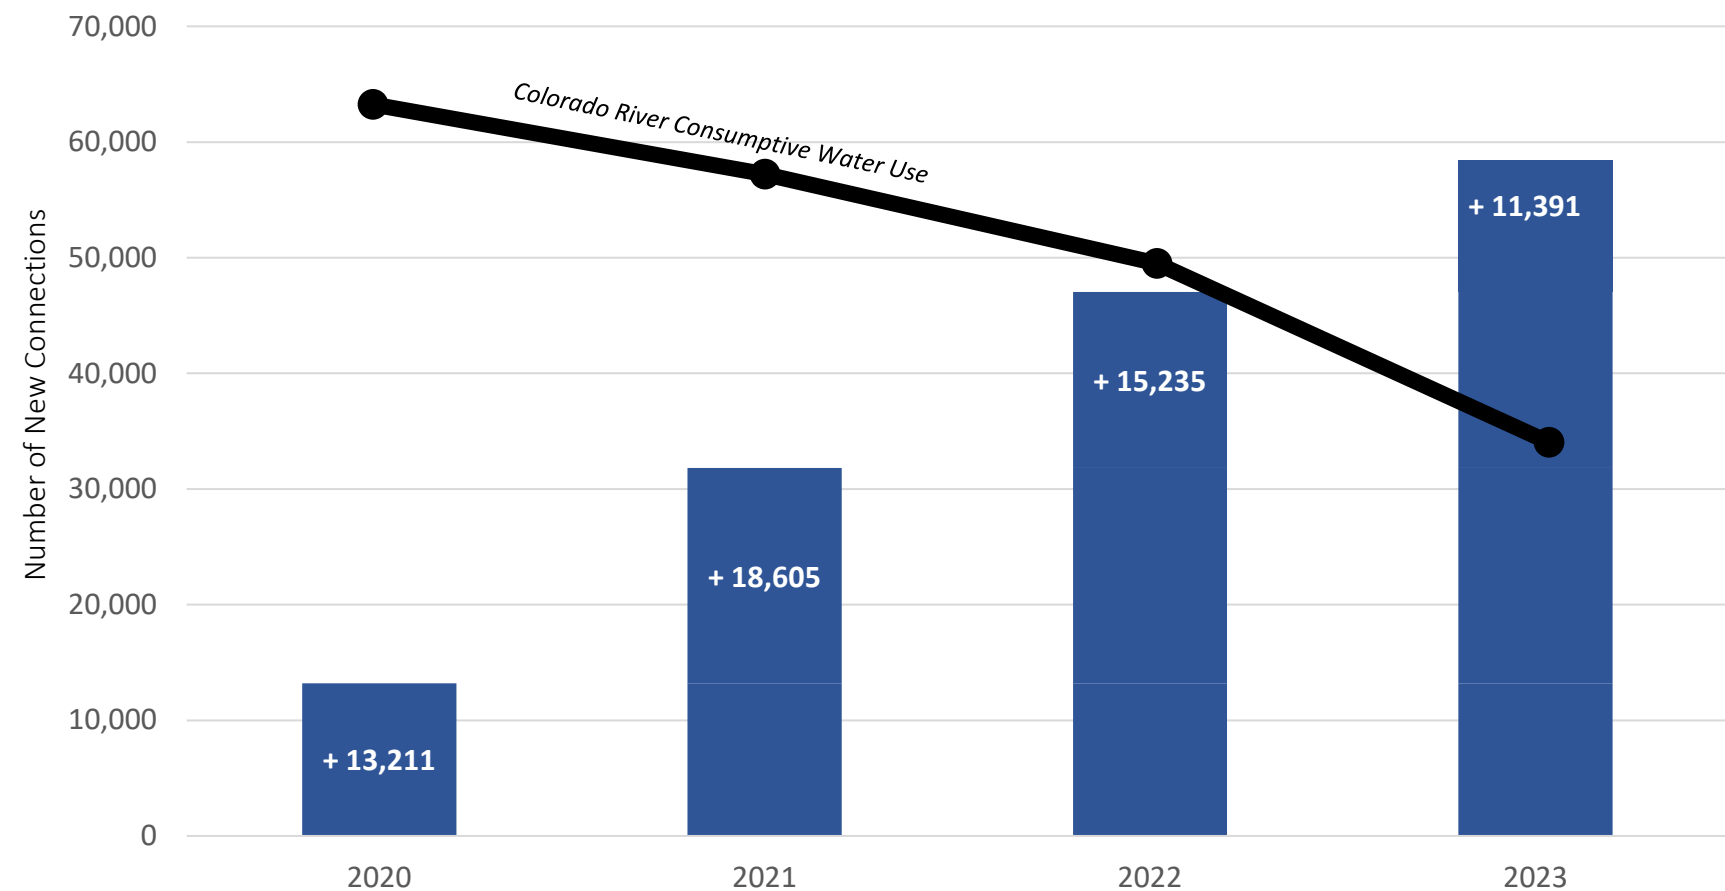

WATER PRICING: Punitive water rates for top 10% of single-family residential users

When everyone contributes to conservation, we see the results.

Despite new connections, water use is declining.

Despite the addition of nearly 60,000 new connections since 2020, water use has declined by 26% in the same time period.

2024 Initiatives

- **Continue Colorado River negotiations among the seven states**
- **Continue progress towards conservation goal**
- **Support and enhance existing SNWA conservation programs**

**What can YOU do to
conserve water?**

Follow the watering schedule.

REPORT WATER WASTE AS IT HAPPENS

Remove nonfunctional grass.
