ANNOUNCEMENTS

Pres. Jeanne said a great time was had at the Knight Hawks Football Game on Saturday, July 25th. It was held at the Lee Family Forum in Henderson. Pictures have already been posted to our Facebook/Instagram page. A few are attached.

Pres. Jeanne also announced that on 8/1 we will be meeting at noon at **Karl Maisner's**

SERVICE ABOVE SELF

THE OBJECT OF ROTARY

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

First The development of acquaintance as an opportunity for service;

Second High ethical standards in business and professions, the recognition of the worthiness of all useful occupations, and the dignifying of each Rotarian's occupation as an opportunity to serve society;

Third The application of the ideal of service in each Rotarian's personal, business, and community life;

Fourth The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

THE FOUR-WAY TEST

Of the things we think, say, or do:

1. Is it the **truth**?
2. Is it **fair** to all concerned?
3. Will it build **goodwill** and **better friendships**?
4. Will it be **beneficial** to all concerned?

ROTARIAN CODE OF CONDUCT

The following code of conduct has been adopted for the use of Rotarians:

As a Rotarian, I will

1. Act with integrity and high ethical standards in my personal and professional life
2. Deal fairly with others and treat them and their occupations with respect
3. Use my professional skills through Rotary to: mentor young people, help those with special needs, and improve people's quality of life in my community and in the world
4. Avoid behavior that reflects adversely on Rotary or other Rotarians
5. Help maintain a harassment-free environment in Rotary meetings, events, and activities, report any suspected harassment, and help ensure non-retaliation to those individuals that report harassment.

office to assemble "dorm kits" for foster kids who are moving on the college. More details are included in the attachment to today's newsletter. **Pres. Jeanne** promised pizza.

Fred Fukumoto announced that the organization Dementia Friends, has given us two handbooks about understanding and dealing with dementia. DF is the organization that is the recipient of our speaker honorariums each week. **Melissa Brooks** will have the books in case you would like to borrow one.

Toni Kern announced that she supports an organization called "Green our Planet" that will be having a Farmers Market on 10/14 at the Clark County Government Center. Click [here](#) for more information. The event will run from 7:30 pm to 9:00 pm.

Bruce Mackenzie said that he has plenty of "free lunch" cards to give to anyone you would like to invite to a Rotary meeting. He also said although he should be here next week, he might not make it for a week or two after that as he is having surgery on his knee.

Pres. Jeanne also announced that the annual "Safety Officer Award Recognition" event is scheduled for September 21st at City Hall. She and **Jordana Lane** are on the committee and **Jordana** was in charge last year and **Pres. Jeanne** is in charge this year. The event is sponsored by all the Rotary Clubs in the valley.

RECOGNITIONS

Joe Wittenwiler was asked about his recent whereabouts. He said he and **Taryn** went "glamping" at [Zion Ponderosa Ranch Resort](#) near Zion National Park. Then they went to the north shore in Hawaii for a week with 20 family members. After being a bit under the weather for a few days thereafter, he recovered enough to go to Mt. Charleston with his hiking group. On the way off the mountain, he said that someone in a monster truck tailgated him all the way down the mountain.

Sean Tanko said that he was the monster truck that tailgated **Joe** down the mountain. Apparently, it wasn't until they were off the mountain and back on the freeway that **Sean** called **Joe** and let him know it was him and not a "road rager". **Sean** also updated the club on the status of the large pending donation from one of his late clients. The house has sold and the estate should be wrapped up in a few weeks and the distribution will flow into our foundation's account. Wow, thanks so much, **Sean!!!**

UPCOMING SPEAKERS AND EVENTS

2025-2026 calendar - ATTACHED BELOW. Note that the 2026-2027 meeting dates, dark dates, and board meeting dates come directly from DacDB.

JOKE OF THE DAY

Tom Martin – A man and his wife are at a restaurant and the husband keeps staring at an old drunken lady swigging her gin at a nearby table. His wife asks, "Do you know her?" "Yes," sighs the husband. "She's my ex-wife. She took to drinking right after we divorced seven years ago, and I hear she hasn't been sober since." "My, my," says the wife, "Who would think a person could go on celebrating that long?"

GIFTS FOR THE PRESIDENT (Pres. Jeanne's recommended gift is coffee mugs.)

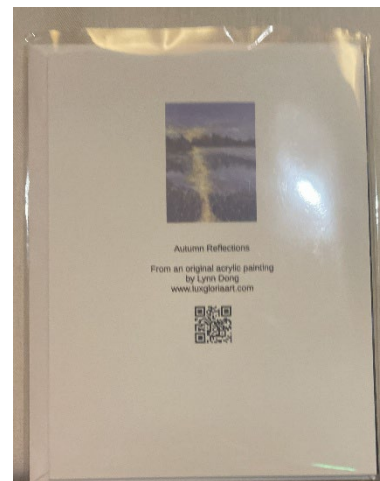

Tom Martin said that he was in Oregon las week for a nephew's wedding and picked up an Oregon mug.

Lori Clarke has been in Jackson Hole, Wyoming, wrapping up her dad's estate and brought back a Jackson Hole mug. She said she had quite a scare after she paid for a couple of mugs. She stepped back and missed a stair step and went crashing and almost broke her hip. She was, however, able to save the mugs! Surely she deserves a credit!!

Fred Fukumoto said he and **Gwen** went to Southern California for an art show where their daughter was showcasing her art. One of her pieces sold for \$400. While in California, they also went to the [Pageant of the Masters](#). Since he couldn't find a mug there, he "regifted" a mug he brought from a recent New Zealand trip.

Joe Wittenwiler brought back a mug from the Ponderosa Ranch Resort, and also a mug from Hawaii (apparently, he couldn't find a coffee mug in Hawaii so he brought back what appears to be "Bailey's glass" with a Hawaiian cookie).

Ken Cox just returned from a fishing trip to an island just off the coast from Ketchikan, Alaska. He brought back a cool mug and a whole lot of salmon, halibut, cod and bass. So, if you need fish, call **Ken**!

DRAWING

Joe Wittenwiler was today's winner.

PROGRAM

Our program today was presented by **M.J. Maynard-Carey**. She is the Chief Executive Officer of the Regional Transportation Commission of Southern Nevada (RTC), the only agency nationwide that is responsible for public transportation, traffic management, roadway and construction funding, and regional and transportation planning – all under one roof.

Recognizing that mobility shapes our communities and economies, **M.J.** leads RTC as connector of the region's business sector, it's more than 2.4 million residents and 40-plus million annual visitors. She is passionate about building and sustaining a transportation system with a robust roadway network and efficient public transit that connects the Las Vegas Valley, improves air quality, and creates economic opportunities for people and businesses. **M.J.** recognizes that deploying the latest transportation advancements is imperative to moving Southern Nevada forward. Her embrace of technology has made the RTC one of the most technologically advanced transportation agencies in the

country - from self-driving cars to sustainable infrastructure planning and funding to the future of public transportation.

M.J. is a long-time Southern Nevada resident and proud graduate of the University of Nevada, Las Vegas. Considered a national leader and trusted voice of the transportation industry, she serves on many national and local industry boards and is currently the immediate past chair of the American Public Transportation Association. Her 19 years of transportation experience and 25 years of hospitality experience help ensure that Southern Nevada continues to build a world-class, sustainable, and multi-modal transportation system to meet the region's ever-changing and ever-growing needs.

A copy of her presentation is attached.

Thanks so much for a very interesting discussion, particularly the Q&A after the presentation!

Transit Keeps Southern Nevada Moving

Transit Funding: Frequently Asked Questions

1. Why is there a transit funding issue right now?

Southern Nevada has grown significantly, but transit operating funding has not changed in more than 20 years. At the same time, costs such as labor, fuel, and maintenance have increased, making it harder to sustain the service our community relies on.

2. What has RTC done so far to address this?

RTC has worked with community leaders, businesses, local governments, and state officials for years to identify long-term funding solutions. While several options have been explored, no sustainable solution has been approved.

3. Can fuel tax revenue be used for transit?

No. Under Nevada law, fuel tax revenue can only be used for roadway and transportation infrastructure projects, not transit operations.

4. How much funding is needed to maintain current service?

RTC needs approximately \$118.5 million annually to maintain today's transit system. This funding supports nearly 58 million passenger trips each year and helps keep residents connected to jobs, healthcare, education, and other essential destinations.

5. Who uses transit?

Transit riders are a vital part of Southern Nevada's workforce. According to RTC's most recent customer survey, 88% of riders use transit to get to work or seek employment.

6. Why do some buses appear empty?

Bus occupancy varies throughout a route. A bus may appear less crowded at the beginning or end of a route, but it typically fills up as it approaches employment centers, schools, shopping areas, and other destinations. Many riders use transit during peak travel times, so what you see at a single moment may not reflect overall ridership.

7. What needs to happen to fix the funding issue?

Southern Nevada needs a stable, long-term funding source that can grow with the community and keep pace with rising costs and demand for service.

8. What happens if nothing changes?

Without additional funding, RTC could be forced to reduce transit service by up to 42% by 2028. This could mean fewer routes, longer wait times, and reduced access to jobs, healthcare, education, and other essential services.

9. How is transit currently funded?

Transit service is primarily funded through a small portion of local sales tax, passenger fares, and federal funding for major projects and equipment.

10. What would the additional funding be used for?

Additional funding would be used to maintain the transit service Southern Nevada relies on today and preserve access to jobs, schools, healthcare, and other daily destinations.

11. Would this funding support new options like light rail?

No. The estimated funding need is intended solely to maintain existing transit service. Major transit expansions would require separate funding sources.

12. What funding options are being considered?

Potential options could include legislative solutions, ballot measures, or other funding approaches used successfully in communities across the country. Any long-term solution would require public input and community support.

13. Are other transit systems experiencing funding challenges or cutting service?

Yes. Transit agencies across the country are facing similar budget pressures as pandemic-era funding ends and operating costs continue to rise. In Philadelphia, the San Francisco Bay Area, Washington, D.C.; Chicago; and Portland, this has led to service reductions, lower frequency, or proposed cuts without new funding. While the specifics vary by region, the broader trend is consistent: many transit systems are working to maintain reliable service in the face of long-term funding gaps.

14. Why should people who don't ride transit care?

Transit supports employers, connects workers to jobs, and helps keep Southern Nevada's economy moving. When transit works, the entire region benefits.

15. What are the next steps?

RTC will continue engaging residents, businesses, and community organizations to share information and gather feedback on potential funding solutions.

16. What's the bottom line?

Transit connects people to opportunity and helps keep Southern Nevada moving. Without a long-term funding solution, significant service reductions could affect residents, businesses, and the region's economy.

17. How can I help?
